XR PRO TORQUE WRENCHES

New

It splits, it clicks,
its built to last

Introducing the XR Professional series, a new range of large capacity torque wrenches that extends our established popular Professional torque wrench range. Designed to meet the demands of high-torque applications, the XR Professional is available in torque ranges up to 1,000 N·m, delivering exceptional strength, accuracy and reliability for today's most challenging industrial applications.

- Accurate to $\pm 3\%$ of reading which exceeds the requirements of ISO 6789-1:2017, our wrenches deliver lasting precision and reliability, maintaining accuracy use after use for consistent, dependable results you can trust
- Large easy-to-read scale with light and fast adjustment saves operator time and effort, keeping you productive, precise, and in full control of every task
- Alignment Pin physically prevents the use of incompatible attachments, thereby reducing the risk of improper setup
- Push/pull lock prevents accidental adjustment of the set torque
- Push through ratchet allows clockwise and counterclockwise operations
- Can be split and packed in two parts for a smaller, easier to transport package
